CAREER OBJECTIVE

Passionate web developer skilled in Node.js, React, Express, and MongoDB. I build dynamic applications with intuitive UI/UX, driven by growth, innovation, and continuous learning to create high-impact solutions through collaboration.

SKILLS

Frontend: React.js, JavaScript (ES6), Tailwind CSS, Bootstrap, Context API, React Router DOM, React Hook Form, TanStack Query, Flowbite React, Axios

Backend: Node.js, Express.js, Firebase, JSON Web Token (JWT), MongoDB, REST API

Payment Gateways : Stripe, SSLCOMMERZ

Tools: Git, GitHub, VS Code, Chrome DevTools, Figma, Pixso, Vite, Vercel, ESLint

PROJECT'S

MarriageBD – A Matrimonial Website   GitHub Client | GitHub Server | Live Demo

MarriageBD – Built a full-stack matrimonial platform with user and admin roles, profile management, and premium membership options.

• Subscription/Payment Gateway**:** Integrated payment systems Stripe for premium memberships.
• Premium Membership**:** Users can upgrade to premium for additional features.
• Advanced Search & Matchmaking Algorithm**:** Developed a filtering system for users to search matches based on criteria like age, location, gender.

Tech Stack: Tailwind CSS, React.js, Axios, TanStack Query, React Router DOM, Node.js, Express.js, MongoDB, JSON Web Token (JWT), Stripe

Study Today – Collaborative Assignment Platform   GitHub Client | GitHub Server | Live Demo

Study Today – Designed a collaborative assignment platform for teachers to post assignments and grade students' work.

• Assignment Posting**:** Teachers can create and publish assignments with deadlines.
• Grading System**:** Teachers can evaluate submissions, provide feedback, and assign marks.
• Deadline Tracking**:** Users can view all assignments, track deadlines, and select tasks to complete.

Tech Stack: Tailwind CSS, React.js, Node.js, Express.js, MongoDB, Firebase, JSON Web Token (JWT), React Router DOM, Axios

Plan Make – Fundraising Platform   GitHub Client | GitHub Server | Live Demo

Plan Make – Created a crowdfunding platform where users can share ideas and receive donations.

• Idea Creation**:**Publish project ideas with descriptions, images, funding goals, and timelines.
• Funding Management**:** Set funding goals, track donations, and outline use cases for received funds.
• Project Updates**:** Sort projects by donation amount, edit/update project details as needed.

Tech Stack : Tailwind CSS, React.js, Node.js, Express.js, MongoDB, Firebase, React Router DOM, JSON Web Token (JWT), Axios

EDUCATION

Diploma in Engineering (Computer Science and Technology)   (2022 to 2025)
Rangpur Polytechnic Institute, Rangpur

LANGUAGE

Bengali : Native Proficiency
English : Fluent
